Thank you to all who made the 2018 AFAANZ Doctoral Symposium, the Special Interest Group Meetings and the Conference a success. 38 PhD students attended the Symposium held 27 - 29 June at AUT and 380 delegates were at the Conference held 1 - 3 July in Auckland, New Zealand. The highlight of the conference was the celebration of the 50th Anniversary of the 1968 Ball and Brown Paper. Congratulations to the many prize winners announced at the Conference. You can view the list of winners HERE.

We look forward to welcoming you to the 2019 AFAANZ Conference in Brisbane, Australia!
Sunday, 1 July  
Monday, 2 July  
Tuesday, 3 July

**New Educators Technology Forum**

Tuesday November 20, 2018

CFA Australia, Level 20, 28 Freshwater Place, Southbank, Melbourne, Australia

This year’s forum will focus on teaching with technology and developing digital technology skills in the classroom. Fees are $159 ($123 for EAAT). AFAANZ members will receive a 20% discount. See website [https://wwwafaanz.org/educators-forum](https://wwwafaanz.org/educators-forum) for a detailed program and to register for the forum.

---

**Presenters**

- Teaching with Technology: tools to help engage and support your students
- The introduction and assessment of a business simulation game
- The use of video clips in teaching accounting and finance
- Empowering collaborative learning through technology
- Deterrence and Internal Control – An institutional perspective
- Technology-enabled team-based learning

- Dr. Warren Bibby, Director of Academic Programmes and Professor of Accounting at University of Western Australia Business School, is the Director of Academic Programmes and Professor of Accounting at the University of Western Australia Business School.
- Dr. Lisa Fitzpatrick, Associate Dean of Learning and Teaching at the Western Australian School of Information Technology, University of Western Australia.
- Dr. Mathew Hester, Associate Professor of Accounting at Western Australian School of Information Technology, University of Western Australia.
- Dr. Amanda White, University of Technology Sydney, has been researching education and technology for over 10 years and has been spending much of her time on educational technology and its impact on student learning. She has a passion for developing new educational technologies and uses them to enhance student engagement and success in the classroom.
The AASB invites Academics to nominate their graduate students for a one-year internship to work on standard-setting projects. Click here for more information.
